There was only
"one way" to
make a
difference about
distracted
driving. WAS

WE had to involve the school

The Right Way

- DECA issued a challenge to the school for ideas.
- A video was born.

Show Clip of the Act out Loud Video

We continued to involve the whole school

=>We then constructed a distracted drivers quiz that was shown on the school TV daily.

=>Then prizes during Safety Month for students who came in during lunch to take the quiz

We promoted the cause

- Ch. 10, the Arizona FOX affiliate, filmed a no texting while driving segment.

The Pledge and More Support

- Drivers Ed. Classes had all students pledge to not text and drive campus wide in August.
- In January, school wide video shown.

There are NO plans to STOP!!
